

On holiday in Cornwall with Amelia and Oliver

Saturday 11th July

I went on holiday with Amelia, Oliver, Daddy and Mummy. We got up early and went in the car down to Cornwall. It was a very long way and Amelia kept saying “are we there yet”. We arrived at lunchtime and went to a café for lunch in Bude which is not far from where our caravan was. We spent the rest of the day in Bude as we could not get our keys for the caravan until 4 o'clock. It was very wet, but we still went on the beach and had a look at the sea swimming pool.

Amelia at the sea swimming pool in Bude

We also went to the RNLI lifeboat shop where Amelia got a new hat and torch, and Oliver got a toy boat.

Sunday 12th July

It was not very nice weather when we got up in the morning. We went to Dairyland Farm World. It was a bit of a drive, but by the time we got there the weather was sunny. At Dairyland we went on the playground including some sea-saws, slides, a swing round-a-bout, trampolines and an assault course.

Amelia went on a ride on a pony called Chancey. She liked the pony ride lots. We saw some cows, pigs and goats, and we got to stroke a bunny rabbit, a guinea pig, a Chinchilla and a chicken. Amelia milked a cow call Clarabel and got a certificate. They also had some milking machines to milk real cows, but we didn't see them milking the cows as they weren't doing that until later.

Amelia riding a pony at Dairyland Farm World

After Dairyland we went to Newquay and Amelia went on a fair ride. We also walked around some shops and had fish and chips from a café looking at the sea. We didn't get to go on the beach because after a sunny day it started to rain.

Amelia on a fairground ride at Newquay

Monday 13th July

It was very sunny when we got up, so we went to the beach. Amelia enjoyed making sandcastles and Oliver enjoyed breaking them up again. We also buried Mummy's feet in the sand.

Amelia and Oliver on the beach at Widemouth Bay

Daddy went for a swim in the sea, between the red and yellow striped flags where there was a lifeguard. There were lots of waves that crashed over Daddy. We all went for a paddle in the sea and Amelia got hit by a big wave as well.

We came back to the caravan for a picnic for lunch. After lunch it started to rain, so we went swimming in the indoor swimming pool. We then went to the club in the evening to meet Freddie Fox and Trixy Bunny.

Tuesday 14th July

The weather was not so good on Tuesday, so we went to the Shipwreck Museum. The museum had a lifeboat called Amelia.. There was a tunnel inside the museum and then we went around the rest of the museum looking at lifeboats and treasure and other things found on boats that had sunk.

Amelia, Oliver and Tatty next to the Amelia lifeboat

In the evening we went to the Foxy Club where we played some games and saw Freddie the Fox.

Wednesday 15th July

We had a sunny day and went to the Lappa Valley. We went on three different trains. The largest took us to the valley, the second was the smallest and took us around the maze and the third took us to the end of a walk through the woods.

Amelia and Daddy went on the canoes, but Oliver and I were too small so we just watched.

We had a picnic and went inside an old mining pump house. There was also a swing merry-go-round which Amelia and Oliver both liked. We also went on the crazy golf before it was time to get on the train back.

In the evening we saw Kenny Badger back at the caravan site and Amelia dressed as Minnie Mouse for the fancy dress competition.

Thursday 16th July

Thursday was very wet and rainy. The rain was very heavy and didn't stop all day long. We went to Newquay. Amelia and Mummy went shopping.

Oliver and Daddy were going to go to the aquarium, but there was a long queue in the rain. Instead they went to the Tunnels Through Time.

Friday 17th July

Another very wet day. We went swimming in the morning and then to Bodmin to some shops in the afternoon. As we drove back towards the caravan site the sun came out. We then packed up and drove to Devon to go camping.

Saturday 18th July

On Saturday we went onto the beach and went exploring rock pools. We saw some anemones, jelly fish and a crab. We also collected some shells.

In the afternoon we went to the swimming pool which had some rapids and slides.

Sunday 19th July

When we woke up on Sunday it was very windy and we could hear the rain on the tent. Some other people's tents had been broken by the strong wind. Fortunately our tent was okay.

We packed up the tent and went home, stopping at the seaside one last time on the way.
