

# A DAY AT THE ZOO

By

Amelia

I went to the zoo  
with mummy, daddy  
and my baby brother  
Oliver.

They had some owls  
which are like the  
one on my nursery  
jumper

Some of the  
penguins were  
swimming in the  
water.

We had lunch in the  
café outside the  
castle. I had a  
sandwich box from  
the café.

I walked on a path  
through the middle  
of the wallabies,  
which are like small  
kangaroos.

My mummy did not  
want to go into the  
Reptile World.

Daddy and me went  
in and saw spiders,  
crocodiles and  
snakes.

# Reptile World

We saw some  
bears, tigers and  
panthers.

We then went to see  
the giraffes. The  
giraffes are very tall.

We went into the  
giraffe house, which  
was very smelly.

We went inside the  
cage with the

Lemurs around us.

My Daddy said he  
was going to leave  
me in the cage, but  
he was only joking.

We went down a  
very steep hill. I  
helped carry the  
pushchair down  
some steps.

We then saw some  
monkeys.

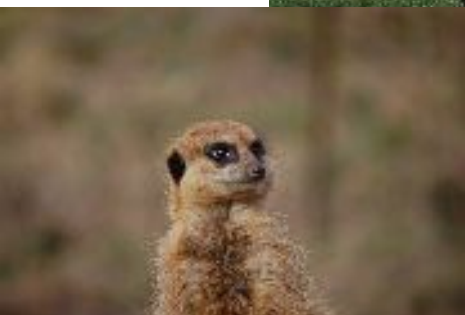

If you look closely at  
the photo you may  
recognise these  
monkeys.

Monkeytails

There were lots of  
other animals we  
saw at the zoo. But  
then we had to go  
home.

I had a great time.

My favourite animal  
were the giraffes.

I hope that mummy  
and daddy will take  
me again soon.
